In addition, items regarding personnel should follow the chain of command and any comments could hold the resident and the Board of Education liable.

At times, it may appear to members of our audience that the Board of Education takes action with very little, if any, comment and, in many cases, a unanimous vote. Before a matter is placed on the agenda at a public meeting, the administration has thoroughly reviewed the matter and is satisfied that it is ready to be presented to the Board of Education. The matter may have been previously referred to a Board committee for further consideration. When all are satisfied that it is ready for Board action, the agenda is delivered to Board members five days prior to their meeting. Board members preview the agenda items and discuss questionable items with the Superintendent or Business Administrator so that when they attend the meeting, there is usually no further need to question the issue. Only then is it voted upon as an action item at a public meeting.
