Assistant Principal

September 1, 2021

Dear Parents/Guardians,

Under the Every Student Succeeds Act (ESSA), signed into law on December 10, 2015, all schools receiving Title 1 funds must inform parents of their right to inquire about the professional qualifications of their child's teachers and paraprofessionals. As our school receives Title 1 funding, this letter serves as notice of your right to seek such information and our obligation to provide this information upon your request.

We are extremely proud of the quality of our teaching staff at Springfield Elementary School. All of our teachers are appropriately certified for the positions they hold, and many have earned advanced degrees. Every teacher continues their professional learning through our district's in-service activities, and all teachers are evaluated multiple times during the course of the school year to ensure their teaching skills remain in line with the high expectations set by the Board of Education and our community.

For additional information regarding the qualifications of our faculty and support staff, please contact my office directly. The United States Department of Education's website provides more information on ESSA and the role of parents in supporting their children's education at <http://www.ed.gov/essa>.

Sincerely,

Craig Vaughn
